## Pool/Spa Cover Rebate Application Form

Arcadia single family water customers may apply to the City's Pool/Spa rebate. Pool covers can significantly reduce evaporation, which contributes to water, energy, and cost savings for pool owners. According to the US EPA, it is estimated that an uncovered pool can lose between 12,000 and 31,000 gallons of pool water to evaporation every year. For more information, visit: <https://www.epa.gov/watersense/pool-covers>. A successful rebate application is contingent upon meeting the terms below.
